NH Drinking Water Taste Test Contest

*Enter your sample and let the judges decide if
your system has the best tasting water in New Hampshire!*

Eligibility:

1. Entrants must be current GSRWA system members and must be systems located in New Hampshire.
2. The water system must have no outstanding MCL violations within the last 12 months.

Contest Rules:

1. To enter, contestants must submit two chilled samples. Samples must be in GSRWA supplied 1-liter glass containers.
2. Entries must be submitted to the GSRWA registration desk at the Operator Field Day by 9:30 AM on Tuesday, September 12, 2017.
3. Samples must be accompanied by a contest entry form - see reverse side.
4. A system representative must be present to win.

A panel of judges will select the winning entry based upon clarity, odor, and taste. The winner will be announced during lunch at the Operator Field Day.

What Could You Win?

- One representative from the winning system will receive and all expenses paid trip to the National Rural Water Association's Rally in Washington, DC to be held in February 2017. The winning system automatically qualifies to enter the Great American Taste Test, a national drinking water taste test competition.
- The winner wins "bragging rights" and the ability to claim the "best tasting water in New Hampshire."
